### Support learning at home with our film guides

Our team have curated a collection of **50 film guides** for learning at home. These guides are designed to prompt informal discussion after viewing films, and offer extension activities children and young people can complete independently. Please do share these resources with pupils and/or their parents.

Film guides are available for school children of all ages with tailored recommendations from infants to over 16s - something for everyone!

### **Our DVD delivery service is currently unavailable**

Due to the increased measures to prevent the spread of Coronavirus, our warehouse and carrier service have suspended operation until further notice. We apologise for the inconvenience and hope open schools are able to enjoy running film clubs using alternative resources. We'll let you know when the service resumes.

### **Film guides for over 16s**

Mustang

Psycho

The Falling
