

Stay Home, but stay Active!

This is the challenge that YRE International is launching to prove that our students, can still be an ambassador of the environment and influence their community while being at home. Indeed, YREs from all around the world show solidarity by staying inside to avoid the spread of COVID-19, but FEE and the YRE programme also want to transform this unusual time into an opportunity for them to investigate and report on environmental issues and solutions linked to the current situation.

Winners of this #YREstayhome Challenge will receive money prizes in the following categories - If you post on your school Social Media or any other channel please use #YREstayhome so we can track your entry!

- **Written story published on YRE Hub**
- **Photos**
- **Short Videos (posted on social media or YRE Hub)**
- **Most active participant (a minimum of 3 posts will make you active)**
- **Special category: other types of actions (podcast, vlog, etc.)**

WEBINARS

From tomorrow the YRE International Team will host an Open Forum on ZOOM with daily online Zoom meetings.

Open to all interested teachers to discuss how to keep students **aged 11-19** engaged.

This is an opportunity to exchange YRE experiences, to share investigations on

different issues, and to develop strong connections between countries. If you are interested in participating in these meeting, please get in touch with Francesca

FIRST APPOINTMENT
